Saltwater

BEACH HOUSE, RAINBOW BEACH

Saltwater is a contemporary beach house located in Rainbow Shores on Queensland's beautiful Rainbow Beach, approximately 2½ hours from Brisbane.

Saltwater is a pavilion-style house featuring separate living and sleeping areas and is large enough to accommodate two families. The four bedroom, two bathroom sleeping pavilion is linked to the living pavilion by a covered walkway. Between both spaces sit a plunge pool, sundeck and children's cubby house.

The open-plan living pavilion boasts a well-equipped kitchen, dining area and lounge. A great place to relax - enjoy a movie on the 106cm plasma television or listen to your favourite CD in surround sound. The living pavilion also features a separate powder room, laundry, outside shower and expansive deck.

Saltwater offers the perfect coastal retreat. Step off the back deck and follow the bush track 100m to the beach, cool off in the pool, or venture to neighbouring Fraser Island.

Rainbow Beach is the gateway to Fraser Island. Rainbow Beach and surrounds are known for the coloured sands, rainforest walks, freshwater lakes and pristine beaches. The township has a newly renovated hotel complex, restaurants, and an array of activities including golf, parasailing, fishing and camel rides on the beach.
